

PMSA Strategic Plan 2015-2018

On behalf of the PMSA Council, it is with great pleasure that I announce the public release of the PMSA 2015-2018 Strategic Plan.

This four year plan provides an over-arching framework that will encourage further innovation and continuous improvement in the PMSA's educational services, while strengthening our strong Christian culture.

The PMSA Strategic Plan will shape, support and empower initiatives across four strategic intents:

- Promote Excellence in Teaching and Learning
- Foster a Caring Christian Culture
- Deliver Sound Governance and Management and
- Engage with our Communities for Sustainability and Growth

Working together, I am confident we will bring our strategic intent to life over the next four years. I want to thank everyone in the PMSA community who contributed to the development of this plan, particularly our Councillors and the Communications team at Somerville House. I hope you will explore the details of the plan on our website.

Des Robinson
PMSA Chairman
