Grammar celebrates 20 years

Sunshine Coast Grammar School was incredibly proud to be celebrating its platinum year this morning Tuesday, June 14 with a special Foundation Day Assembly for families, both past and present, as well as dignitaries.

An important tradition in the School's history, the School's Foundation Day is held in recognition of the establishment of the school in 1996 and Principal at Sunshine Coast Grammar School, Mrs Maria Woods was thrilled to celebrate this important milestone.

"It is 20 years since we laid our first foundations – the first building blocks, the strong bones holding steadfast while we have grown in numbers, facilities, changed ownership and continued to enhance a strong reputation in our community for care, support and the abundant opportunities we offer for our students," said Mrs Woods.

"As part of our twentieth year celebrations we commemorated this occasion with an assembly to recognise the contributions of both staff and students and acknowledged staff who have given, 10, 15 and even a remarkable 20 years of faithful service to Grammar."

"The underlying theme of these celebrations focus on our commitment to strong and enduring partnerships to continue to forge ahead as a leader in education over the next 20 years and beyond as we continue to grow."

Special guests will included alumni speaker, Jordan Mercer and Sunshine Coast Regional Council Mayor, Cr Mark Jamieson.
