

Alleged Abuse of Former Students Policy

PREFACE

The Presbyterian & Methodist Schools Association (the “PMSA”) is the governing body of Brisbane Boys’ College, Clayfield College and Somerville House Schools in Brisbane and Sunshine Coast Grammar School on the Sunshine Coast.

The PMSA acknowledges that allegations of Abuse are very serious matters and must be dealt with seriously, sensitively and confidentially, in accordance with the law.

The PMSA believes that Schools must be places where positive Christian values and commitment to the safety and well-being of members of the School community are evident. This should arise from the understanding that all people, being made in God's image, are entitled to a fundamental respect for their person. Each Former Student who approaches the PMSA in relation to their previous experiences while receiving education, accommodation or care within a PMSA School or early learning centre must and will be welcomed, supported and treated with respect and consideration, in alignment with the PMSA’s core values.

Children are particularly vulnerable to harm. God's people must be particularly mindful of the interests of children and strive to protect them from harm. A compassionate response to Former Students will be first priority in respect of all information received, whatever the legal rights of the Former Students may be.

PURPOSE

The purpose of this Policy is to outline the PMSA’s processes for dealing with allegations of Abuse relating to individuals who, as children, received education and/or accommodation or care within a PMSA School or early learning centre but who are not students of the School or centre at the time the allegations are made. Such individuals will be described within this Policy as Former Students.

This Policy has been prepared to provide a basis on which the PMSA can take action to respond to any allegations by Former Students that Abuse has occurred.

SCOPE

The PMSA will deal with all allegations of Abuse relating to Former Students (whether a child or adult at the time of making the complaint) as set out in this Policy. This Policy does not address allegations involving current students as these are covered by the PMSA Child Protection Policy.

Nor does this Policy address allegations of Abuse involving only adults (at the time of the alleged incident), as such matters will be handled under the relevant PMSA policies, including the PMSA Preventing and Responding to Workplace Bullying Policy.

PRINCIPLES

This Policy is based on the following principles:

1. The PMSA acknowledges and accepts that a high level of trust is placed in it by its students, their families, and the wider community. Accordingly, the PMSA will not tolerate any acts of Abuse towards children and will actively seek to prevent their occurrence.

Alleged Abuse of Former Students Policy

2. The care and protection of the children in PMSA Schools is of paramount importance.
3. The PMSA strives to make its Schools places of safety from Abuse for children. Children should feel safe from any threat of Abuse, both while on School property and also while in the care of School personnel outside the School campus.
4. PMSA Schools should be places where Abuse can be disclosed and dealt with effectively.
5. Where an incident of Sexual Abuse by an adult of a Child is reported, the PMSA will notify the police immediately or as reasonably practical, no matter when the incident occurred.
6. The PMSA commits itself to ensuring that all its actions are upright and that those who work in its Schools agree with and adhere to its policies.
7. The PMSA treats allegations of Abuse seriously, sensitively and confidentially subject only to such disclosure as is necessary to deal with the matter under this Policy and as required by law.
8. The PMSA strives to ensure that proper standards of conduct are maintained in its Schools at all times and it will take corrective action where necessary. PMSA staff should behave in a manner which makes it clear to the children and others that the staff are responsible adults. There should be demonstrated a clear delineation of boundaries between the role of authority and personal needs.
9. The PMSA requires students, parents and others to report any abusive behaviour of which they become aware.
10. The PMSA is committed to setting an example by its own behaviour.
11. The PMSA publishes its policies and strives to ensure that all Staff are aware of the standard of conduct expected of them.
12. The PMSA will treat everybody involved in an allegation of Abuse, including the alleged perpetrator, with dignity and respect. The PMSA will observe the principles of natural justice.
13. The PMSA understands that people who are subjected to Abuse are harmed by it.
14. Sexual behaviour by staff with a Child in the care of the PMSA is always Sexual Abuse.

PMSA PROCEDURES

The order in which these procedures are carried out will depend on the individual situation.

1. Application

These PMSA procedures apply only to allegations relating to victims who are not students of the School at the time the allegations are made and involve a past employee/volunteer, unless this Policy expressly provides otherwise.

If the matter or allegation involves an existing student or employee/volunteer the matter must be dealt with under the PMSA Child Protection Policy and/or through the school disciplinary process.

2. Procedures for receiving and dealing with allegations

Allegations may be received either orally or in writing.

1. On receipt of an application for redress, the EM-CS will :
 - a) Review the application and the notes of the Support Officer.
 - b) In conjunction with the relevant Principal identify any further enquiries to be made and records to be obtained, in order to verify that the Abuse alleged in the application occurred (EM-CS does this in consultation with the Support Officer if needed);
 - c) Make those inquiries, the nature of which will vary with each application, but will typically include a request to the Principal to:
 - Verify that the Former Student was a student at the School at the relevant time;

6. If the PMSA legal advisors consider that engagement of an independent investigation firm is required, the EM-CS will prepare a briefing note to the PMSA Council recommending that course, setting out the basis of the recommendation and attaching all relevant material.
7. The PMSA Council will determine whether an investigation firm will be engaged or whether the PMSA legal advisors should make further inquiries.
8. If the PMSA Council determines that an investigation should take place, the PMSA Council will instruct the legal advisors to engage an independent investigator, via a formal letter of instructions setting timeframes.
9. The EM-CS will inform the Support Officer of the approach to be actioned, so that the Support Officer can inform the Former Student of the current status of their application.

5. Media

The PMSA Chairman will deal with media issues as spokesperson for the PMSA.

6. Report to Queensland College of Teachers ("QCT")

Where the alleged perpetrator was a registered teacher at the time of the alleged Abuse, the Principal of the School where the Abuse allegedly occurred must comply with the reporting obligations under the *Education (Queensland College of Teachers) Act 2005 (Qld)*. These obligations may require the Principal to first notify QCT as soon as practicable after the investigation of the allegation starts.

INSURER

The EM-CS, in consultation with both the Principal and the Chairman of the PMSA Council, will inform the insurer of any claim or likely claim against the PMSA as soon as he or she is informed of it. The relevant insurer will be the insurer who has issued a Policy for the period when the Abuse is alleged to have occurred. Details of any claims should be given to prospective insurers when current insurance is to be effected.

The EM-CS will keep the insurer informed of the progress of the response to the allegation.

NATURAL JUSTICE AND PROCEDURAL FAIRNESS

As the consequences of a decision for any individual become more severe, so the importance of demonstrably acting fairly increases. The two fundamental principles of natural justice are:

- that those making a decision must be free from bias as well as the appearance of bias;
- nobody should be condemned unless they are given prior notice of the allegations against them and they have a fair opportunity to be heard. This includes providing reasonable notice and time to prepare sufficient information (about the matter to be decided) to enable the person to present their case.

Alleged Abuse of Former Students Policy

CONFIDENTIALITY

Confidentiality is not secrecy but is an assurance that written and spoken information is protected from being shared with unauthorised persons, or used for a purpose other than that for which it was collected.

Confidentiality is of the utmost importance in dealing with an allegation of Sexual Abuse. It is not to keep the incident secret, but is to ensure that only those people "who need to know" know. Confidentiality protects the rights and interests of ALL parties. Due consideration needs to be given by all staff managers to matters of confidentiality in both service delivery and in responding to an allegation.

LEGISLATION

In responding to an allegation of Abuse, the PMSA should strive to ensure that it does not interfere with due legal process. This includes ensuring that any investigation does not interfere with criminal investigations or civil claims. Similarly, the PMSA has a right to ensure that it is able to investigate fully matters which affect its staff or those individuals within its care.

It is therefore important to take into consideration the Criminal Codes, State care and protection legislation and anti-discrimination legislation in dealing with an allegation of Abuse. Advice on such requirements can be sought from statutory bodies, police or legal advisers.

LEGAL REPRESENTATION

This Policy does not prescribe a formal legal process, because the PMSA prefers instead that a successful resolution of the matter be achieved directly between the PMSA and the Former Student. The Former Student may however elect to be legally represented.

RECORDS

The PMSA will keep full documentation about each allegation in a confidential file.

On completion of the process, the EM-CS is responsible for ensuring that all information pertaining to the allegation is securely maintained.

CARE STRATEGY

Upon a School receiving an allegation of Abuse, the School Principal will establish a Care Strategy. The purpose of the Care Strategy is to plan for the care, confidentiality and management of the process for investigating and resolving the allegation and minimising the impact upon the School/community.

A Care Strategy will not be established in cases where so much time has elapsed since the alleged Abuse that a Care Strategy would have no relevance.

A Care Strategy should be developed by the EM-CS, in consultation with the Principal, within two weeks of receipt of the allegation. The Care Strategy will address, but is not limited to:

- issues of confidentiality;

Alleged Abuse of Former Students Policy

- which members of the School community are told and when;
- issues of safety for the Former Student, respondent, other staff and members of the School community;
- education required relating to the matter within the School, e.g. boundaries, protective behaviours etc.;

- strategy for Care of the individuals affected, i.e. Former Student, respondent, their family members and friends;
- critical incident response if a number of people are involved;
- legal advice;

- appropriate records to be kept.
