1. Preface

Sections 171 and 172 of the Working with Children (Risk Management and Screening) Act 2000 (Qld) (Act) require persons employing employees, volunteers, board members and managers in regulated employment and persons conducting regulated businesses to develop and implement a written risk management strategy about the regulated employment or regulated business that implements employment practices and procedures to promote the wellbeing of a child affected by the regulated employment or regulated business.

The risk management strategy must include the matters prescribed under section 3 of the Working with Children (Risk Management and Screening) Regulation 2020 (Qld).

The PMSA conducts a regulated business and employs employees, volunteers, board members and managers in regulated employment.

This strategy meets the legislated requirements.

4. Our commitment to child protection

- 4.1 The PMSA commitment to child protection is immersed in our vision:

'To build communities based on Christian foundations, by providing teaching and learning environments of excellence, permeated by Christian faith and actions'

WARNING: Printed copies of this document may not be current. Please refer to the electronic copy on the PMSA website for the latest version.

- 4.2 The PMSA is committed to the safety and wellbeing of children and the protection of children from harm. We see this as an outward expression and evidence of our Christian faith.
- 4.3 Every person who shares in the work of the PMSA communities – including employees, volunteers, board members, managers and visitors – shares in the responsibility to care for and protect all children from threats or perceived threats of harm.

5. Expectations of commitment and behaviour of Personnel

- 5.1 In performing any role in any PMSA Facility, our people are expected to work in a manner consistent with the PMSA Christian ethos and values. The PMSA Code of Conduct outlines the standards of behaviour expected of all Personnel in the PMSA Facilities. We expect that our Personnel will be caring, compassionate individuals who take an interest in children and who set appropriate boundaries within their relationships with children.
- 5.2 Our employees, volunteers, board members and managers must ensure that their interactions with children are appropriate and professional at all times. They must actively strive to prevent harm to children and support any children in a PMSA Facility who have been harmed.
- 5.3 Our Personnel will treat all children respectfully and within the child protection laws of Australia (free from any form of abuse). Specific protocols which relate to situations involving children include:
 - (1) Personnel must not have a romantic or sexual relationship with a child.
 - (2) Personnel should avoid situations where they are alone in an enclosed space with a child.
- 5.4 When physical contact with a child is a necessary part of the teaching/learning experience, employees and volunteers must ensure that the contact is appropriate and acceptable. The employee or volunteer must always advise the child of what they intend doing and seek their consent.
- 5.5 Employees, volunteers, board members and managers should not transport children in their own vehicles unless they have specific permission from the child or student's parent/carer, their supervisor and/or the Principal or nominated supervisor prior to the journey, where there is no feasible option available to provide alternative transportation or in the event of an emergency situation.
- 5.6 Employees, volunteers, board members and managers must not develop a relationship with any child that is, or that can be interpreted as being, a personal rather than a professional relationship.
- 5.7 Employees, volunteers, board members and managers must not use electronic devices, such as email, social networking sites, mobile video, phones or SMS texting to distribute sexually explicit material to a child or for solicitation or harassment.
- 5.8 All employee interactions with children by email or other electronic means must be directly related to the educational context and must be professional always.
- 5.9 Employees, volunteers, board members and managers must not invite children to join their personal electronic social networking site/s or accept student invitations to join their social networking site/s.
- 5.10 The PMSA has a Code of Conduct for homestay hosts which outlines the standards of behaviour expected of homestay hosts, their families and all visitors who interact with homestay students in homestay residences. These standards are consistent with the values and principles of our homestay program.

WARNING: Printed copies of this document may not be current. Please refer to the electronic copy on the PMSA website for the latest version.

This commitment is evidence of the PMSA fulfilment of the requirements of section 3(1)(b) of the Regulation.

6. Policies and procedures

6.1 The PMSA is committed to providing a safe environment for all children in our care by developing and implementing policies and procedures which ensure that:

- (1) all Personnel are screened and trained in the requirements and processes of child protection and professional behaviour; and
- (2) students and parents/carers are provided with information and education in child protection.

6.2 PMSA Alleged Abuse of Former Students Policy

The PMSA Alleged Abuse of Former Students Policy and associated procedures outlines the PMSA processes for dealing with allegations of abuse relating to individuals who, as children, received education and/or accommodation or care within a PMSA school but who are not students of the school at the time the allegations are made, i.e. they are former students.

6.3 PMSA Blue Card (Working with Children) Policy outlines the PMSA's reporting requirements for schools.

The PMSA Blue Card (Working with Children) Policy requires that all persons who are engaged in, or provide services to, children in PMSA Facilities, except those who fall into the exempted categories, must have met the Blue Card screening requirements, as required by the Act before commencing service.

The PMSA and each PMSA Facility are required to establish and maintain Blue Card registers of all Personnel involved in child-related activities which includes:

- (1) whether or not the person requires a Blue Card (if not, why not e.g. the parent exemption applies);
- (2) the type of application (e.g. paid or volunteer);
- (3) when the person applied and/or the date of issue of the positive notice and Blue Card;
- (4) the expiry date of the Blue Card;
- (5) the renewal date (an application must have been lodged prior to the expiry of a Blue Card for the person to be permitted to continue working in child-related employment after the expiry of the card and before receipt of the new card – for volunteers the application must be lodged at least 30 days prior to the expiry);
- (6) whether a negative notice has been issued;
- (7) any change in status to a Blue Card (e.g. a change in Police Information, the Blue Card is cancelled or suspended);
- (8) where there is a change in Police Information, the date of receipt of information of the change;
- (9) when a Blue Card holder leaves the facility and the date the facility informs Blue Card Services, and
- (10) any change of personal information of a Blue Card holder, including the date they informed Blue Card Services (Note: it is an offence for an employee to fail to notify Blue Card Services, on the appropriate form, within 14 days, of any change in personal details).

The PMSA and all PMSA Facilities will conduct internal audits of our Blue Card register annually, and we will arrange an external audit every four years.

6.4 PMSA Child Protection Policy

WARNING: Printed copies of this document may not be current. Please refer to the electronic copy on the PMSA website for the latest version.

The PMSA Child Protection Policy outlines the commitment of the PMSA and the PMSA Facilities to the welfare and well-being of all children in their care. The Policy covers information for handling disclosures or suspicions of harm, including the reporting of physical abuse, emotional or psychological abuse, sexual abuse or exploitation as well as neglect, inappropriate behaviour and self-harm.

The PMSA Child Protection Policy applies to all PMSA Personnel and is available:

- (1) on the PMSA website;
- (2) on the website of each PMSA Facility;
- (3) in the Staff Policy Handbook of each PMSA Facility;
- (4) at reception of each PMSA Facility; and
- (5) in student handbooks (summarised version).

6.5 PMSA Code of Conduct

The PMSA Code of Conduct outlines the standard of behaviour expected of all Personnel and contractors engaged by PMSA, including as it relates to interactions and relationships with children.

6.6 PMSA Homestay Child Protection Policy

The PMSA Homestay Child Protection Policy provides written processes to ensure that PMSA schools and homestay hosts arranged by and for PMSA schools comply with the Education Services for Overseas Students (ESOS) Act 2000 (Cth) and the requirements of Standard 5 of the National Code of Practice for Providers of Education and Training to Overseas Students 2018 for ensuring the suitability of accommodation, support and general welfare for homestay students under 18 years of age.

6.7 PMSA Homestay Risk Management Strategy

The PMSA Homestay Risk Management Strategy ensures that PMSA Facilities have appropriate policies and procedures in place to identify and minimise the risk of harm to homestay students where a school has taken responsibility for the accommodation, support and general welfare of the student.

6.8 PMSA Professional Relationships with Students Policy

The PMSA Professional Relationships with Students Policy informs all Personnel and contractors that PMSA will not tolerate any action that constitutes inappropriate behaviour compromising their ability to have professional relationships with students. Such action may result in the initiation of disciplinary action under the PMSA Employee Discipline Policy and Procedure. This policy also outlines the standard of behaviour expected of Personnel and what an individual can do to address the inappropriate behaviour. This policy promotes and encourages professional relationships with students.

6.9 PMSA Social Media Policy

Protecting children in the care of PMSA Facilities from emotional and psychological abuse, sexual abuse or exploitation perpetrated through electronic means, is taken very seriously by the PMSA. The PMSA Social Media Policy clarifies how Personnel of the PMSA Facilities should conduct themselves in their use of social media. It provides guidelines for all Personnel on appropriate and inappropriate use of electronic devices, such as email, social networking sites, mobile video phones and SMS texting, as it relates to their interactions with children and adult students.

6.10 Individual PMSA Facility Information, Communication and Technology (ICT) Policy

Cyber safety is a serious risk management issue for the PMSA and our facilities in relation to child protection. Each PMSA Facility has a policy about the appropriate use of information technology. The policy outlines the protocols and procedures for the use of our electronic devices, including internet access, email protocols, electronic record access, security information and confidentiality requirements.

6.11 School's Accreditation Manual

The PMSA's Schools Accreditation Manual provides all the PMSA schools with strategies to meet the accreditation requirements of The Education (Accreditation of Non-State Schools) Act 2017 which requires the PMSA schools to provide evidence of written processes about how the school will respond to harm or allegations of harm to a student under 18 years old and the appropriate conduct of staff and students. The processes include a process for reporting sexual abuse or suspected sexual abuse and likely sexual abuse in compliance with the Education (General Provisions) Act 2006 and the process for reporting a reportable suspicion of harm under the Child Protection Act 1999. Furthermore, the governing body must ensure that staff, students and parents are made aware of the processes; that staff are trained in implementing the processes; that the school is implementing the processes; and that the processes are readily accessible by staff, students and parents. The PMSA Child Protection Policy has details of all the reporting requirements.

6.12 Student Guide for Protection from Abuse or Harm

A Student Guide for Protection from Abuse or Harm is included in all student handbooks. We inform our students at assembly and regular classroom meetings about how to protect themselves, and to whom they should report if they are concerned about their safety.

6.13 Ten Commandments of Child Protection for Staff at the PMSA Schools

The PMSA has developed the "Ten Commandments of Child Protection for Staff at the PMSA Schools and Workplaces", designed to cover the 10 most important things for individuals to remember, as employees of the PMSA, in respect of child protection.

All PMSA child protection policies and risk management strategies are available on the PMSA website or on the PMSA Staff Portal.

This commitment is evidence of the PMSA's fulfilment of the requirements of section 3(1)(d) of the Regulation.

7. Recruitment, selection and screening

7.1 The PMSA recognises that risk management in relation to child protection begins with recruiting, selecting and screening the right people to work with us. Compliance with the PMSA policies on child protection, Blue Cards and preventing and reporting abuse is a condition of employment with us.

7.2 It is the policy of the PMSA and our facilities that every PMSA employee (except for exempt categories such as teachers), volunteer and contractor (including sports and activities coaches, music tutors and boarding house tutors) must hold a current Blue Card as part of their conditions of engagement.

7.3 Teachers undergo a similar screening process as part of their teacher registration process and are therefore exempt from the Blue Card application process.

7.4 We tell our Personnel, as part of the recruitment, selection and screening process, of their responsibility to:

- (1) obtain a Blue Card and ensure they have met the required screening obligations prior to undertaking work with children (except for registered teachers);

WARNING: Printed copies of this document may not be current. Please refer to the electronic copy on the PMSA website for the latest version.

- (2) advise the school and Blue Card Services of any changes required by the Act or Regulations (e.g. change of address, change of notice status);
 - (3) make all disclosures to us, as required by Blue Card Services, that may affect the issuing to them of a Blue Card;
 - (4) abide by the PMSA policies and procedures on child protection and abuse and participate in compulsory training on these policies and procedures; and
 - (5) ensure that their Blue Card is renewed every three years.
- 7.5 All our Personnel, (including sports and activities coaches, music tutors and boarding house tutors) are also provided with a warning on commencement of their engagement, as required by the Act, that it is an offence for a disqualified person to sign a Blue Card application form.
- 7.6 The PMSA Recruitment and Selection Policy outlines the policy and guidelines for the recruitment and selection of employees in PMSA Facilities.

- 7.10 Sports and activity coaches, music tutors, boarding house tutors and volunteers
- Given the extent of our annual sports, activities and music programs, there is a significant need to employ a large number of coaches and tutors within our facility.
- To ensure that people who fill these positions are suitable for working with children, we check the Blue Card status of each returning or potential coach or tutor before we confirm appointment each season.

WARNING: Printed copies of this document may not be current. Please refer to the electronic copy on the PMSA website for the latest version.

We, through the sports and activities office, music department or boarding house, will record the details of seasonal coach/tutor Blue Card eligibility.
